Brand New Book ***** Print on Demand *****.When Noah began constructing the Ark nobody knows what people thought or said to him. It must have seemed strange because it never rained in Noah s world; that means no floods. Noah advertised that God was going to destroy the world with a catastrophic flood. It took him and his three sons one hundred and twenty years to complete the ship; fortunately people lived longer in those times because of the pristine and healthy environment. The problem was humanity; the people were wicked, violent and corrupt. Even though a major flood warning alarm rang loud and long the people were unbelieving and indifferent to God; only eight persons survived the Great Flood. Look life carries on as normal and that guy Noah has worked on that Ark for. well, I can t remember when he started, but it seems like a hundred years already. Gosh how does he afford it? Anyway, I am getting married next year and then we plan to move to the opposite side of the continent so I probably won t get to see him finish the boat; but it s impressive; no doubt about that. Oh look, I can t believe God will send a flood; besides God hasn t communicated with humans since Adam s time.
