Brand New Book ***** Print on Demand *****.Gloriette is seventeen years old living in the city of Playtus in Building Two with her mom, her grandmother, and her great-grandmother, four generations of Faywood under one roof top. She studies her homework e-pone equations, hears her Mama s commands, and feels the burning sensation on her arm. Trig is a computer linking her to her soul-mate using an implant embedded under the foreskin of the arm. In the city of Starrtus Gloriette is about to meet her soul-mate for the very first time. Note to my reader. There are no chapter headings inside my book. The novel is structured in a diary-like style featuring dates, days, times, and weather conditions. Since life and other stuff happens 24/7/365 through sun, rain, hail, and wind with family, friends, and foes. The back cover of the book is blank, purposefully. The plot summary is typed into the book. The front cover contains the title, my creative abstract art, and my original signature. Thanks for reading my book!!!.
