By Martin R Lee, Margaret M Isler

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.The 107th Congress enacted brownfields, bioterrorism, and a sediment contamination statutes. In addition, it provided FY2002 funding to the Environmental Protection Agency (EPA) and other government agency environmental programs, and continued FY2002 funding through January 11, 2003. Many other bills received committee or floor action. H.R. 4, the comprehensive e n e r g y bill, which has numerous environmental provisions; the EPA and Department of Defense appropriations bills for FY2003; bills authorizing HUD and the Economic Development Administration (EDA) brownfield programs; legislation authorizing EPA regulation of pesticide exports; bills to extend water infrastructure funding programs; and legislation to address chemical plant security. Table 1 provides a summary of environmental legislation on which there has been some action. Superfund/Brownfields. In the first session, Congress enacted P.L. 107-118, the Smal l Business Liability Relief and Brownfield Revitalization Act. On June 4, 2002, the House passed H.R. 2941 to enhance the Department of Housing and Urban Development s brownfields program. The Senate Environment and Public Works Committee reported S. 1079 (S.Rept. 107-244) on August 28, 2002, to provide $60 million...
