Brand New Book ***** Print on Demand *****.Excerpt from A Brief Sketch of Miner s Coffee and Spice Mills and Coffee Hulling and Cleaning Establishment: Together With a History of Coffee, Some Valuable Statistics, Telegraphic Cipher and Coffee Shrinkage Table The publisher of this pamphlet has endeavored to arrange in this form information that may prove of interest, with tables and statistics that will be useful to the grocery trade in general. The telegraphic cipher in use by this house is introduced here for the benefit of the trade with the recommendation that it be adopted by those who use the wire in cases of urgency. The coffee shrinkage table will be found valuable to purchasers and dealers as a ready reference, to determine at a glance the value of coffee after the shrinkage consequent in roasting. With a brief history of the business that has grown to be of the first importance in its line, the publisher, W. H. Miner, presents this work to his friends and clients. Beginning in a small room on Fremont street in 1877, with but one primitive coffee machine, the increasing demand in this line has been met by an increase of capacity until now the large spacious building at the corner of Stevenson and Ecker streets, and that known as the Occidental Warehouse at the Pacific Mail Co s dock, contains the modern machinery and equipments of, in the former building, the most complete and extensive coffee and spice mill on the Coast, and in the latter the only machinery for the hulling of coffees received here in the shell.
