Managing Online Forums: Everything You Need to Know to Create and Run Successful Community Discussion Boards

Filesize: 7.21 MB

Reviews

An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Brian Miller)

AMACOM. Paperback. Book Condition: New. Paperback. 320 pages. Dimensions: 9.1in. x 7.3in. x 0.9in.Every day, millions of users log on to their favorite online forums, communities and social spaces and interact with others to get advice and discuss everything from the latest news and trends to their hobbies and professions to whatever else strikes their fancy. Administrators have to lead these communities, deal with difficult users, manage staff members and make tough decisions. Legal constraints, spammers and technical issues can turn the excitement of running an online community into chaos. With the right guidance, however, running forums can be an enjoyable and rewarding experience. My name is Patrick OKeefe and I own the iFroggy Network. Ive spent years developing and managing online communities. In this book, I share my experiences in a straight forward, honest fashion and show you how to make the right decisions about every aspect of your forums, including: Creating an organizational structureDesigning and launching your communityDeciding on user options like avatars and private messagingPromoting and attracting membersUtilizing technology to your benefitDeveloping and enforcing guidelinesChoosing and managing moderatorsShutting down users who disrupt and harm the communityInvolving your users and keeping the site interesting and invitingGenerating revenueWhat is talked about in this book is not hypothetical - it consists of in use, battle-tested theories and solutions, making it so that when you must deal with these issues on your forums, you will be better equipped. Real life examples are cited throughout, including the actual user guidelines, staff member guidelines and more, from real communities. This is a book for both new administrators and experienced ones. If you are new, it will give you a major boost as you grow your knowledge and build your community. If you are already an administrator thats leading a successful community, the book...
