America Star Books, United States, 2011. Paperback. Book Condition: New. 216 x 142 mm. Language: English . Brand New Book ***** Print on Demand *****.The Life and Lectures of Lent Johnson, M. D. arose because of my high regard for this pathologist who was chief of pathology at the Armed Forces Institute of Pathology (AFIP) for 50 years. The AFIP is the referral center for all tissues taken from members of the military. By peering through his microscope at samples sent to him by referring surgeons, Dr. Johnson became the final judge of the disease that afflicted the person from whom the tissue was taken. This book would be of interest to any prospective orthopedic surgeon and any other person interested in the workings of the human body. Dr. Johnson s concepts, which include the basic understanding of cell physiology to the glomoid apparatus, have not hitherto been published in any single publication. It is possible that orgasms and hot flashes are products of the integrated glomoid network.
